Statements Concerning the Lease Row Denied by Governor Lewelling-Kansas Politics Full of Untruths.

HARRISBURG, Jan. 3 .- The Republicans of Pennsylvania held a State convention here to-day to nominate a candidate for Congressman at large, to succeed the late Gen. William Lilly. Ex-Senator Packer was made permanent chairman. On taking the chair he eulogized the memory of the late General Lilly. Mr. Packer said the convention ought to congratulate State Chairman Gilkeson for the able manner in which he conducted the last campaign, which resulted in 134,000 majority for the Republican ticket. The speaker blamed the present depressed condition of the country on the national Democratic administration. He criticised its Hawaiian policy and declared the Wilson tariff bill was un-American. On motion of Hon. Chris L. Magee, resolutions were adopted deploring the death of General Lilly.

Hon, Galusha A. Grow was nominated for Congressman at large by acclamation, and was given an ovation when he appeared on the platform to make a brief speech of acceptance. Mr. Grow denounced the tariff policy of the Cleveland administration and ridiculed its position in the Hawaiian matter. During his remarks a spectator cried out: "Down with Paramount

In lieu of a platform, the convention adopted the following resolutions:

"Resolved, That the Republican convention of Pennsylvania, recalled to nominate a candidate for Congressman at large, needs not to be reminded of the fact that this is a representative office, that the situation in Washington gives it not only State but national importance, and it invites the fullest possible expression of views on Tuesday, the 20th of February next, to the end that all our land may know the tenor of current thought upon the most immedi-ate and vital issue presented in the Wilson

"The simple anticipation of this measure has closed thousands of workshops. It has reduced to idleness two millions of workers, and soup houses now displace former hives of industry. It has reduced values to an amount greater than the national debt. It will enlarge the free list only upon products which employ the greatest number of American workmen. It will strike with equal cruelty the farmer, the miner, the lumberman, the iron worker, the glass worker and the textile worker. It will transfer work from our own mills, mines and workshops to those of foreign countries. It is sectional in its authorship, and is all too plainly aimed at Northern industries. It strikes Southern industries only where the same blow reaches greater Northern industries. It fosters the plantation system and destroys the farm. It is an attempt upon , the part of the free traders of the South, to reduce the industries of the

to the level of those in the South. It is victous in its change from specific to ad valorem duties, the latter inviting foreign undervaluation and leading to constant and cumulative frauds upon the revenues. It is vicious in reducing instead of increasing revenues. It will reduce the revenues many millions of dollars and the reductions will grow with time. It is vicious in compelling the government to make up these deficits by means of increased internal and direct taxes. It is doubly vicious in compelling its supporters to resort to the most odious war taxes or borrow money. It is wholly erroneous in the theory that the less work there is to

do in this country, the higher will be the wages of the workman. "The protective policy conveys the oppos-

ing thought, and says that the policy which secures the largest amount of work at home is the one which secures the best wages to home workman. If the Wilson bill does all of these things in the threats which it conveys, what will it do in its fruition. The Republicans of Pennsylvania, and the people of our great commonwealth as well, declare war upon it, unceasing war in House and Senate; and its Senators and Representatives in Congress, including the Congressmen at large nominated to-day, are requested to make this warfare felt in every wise and patriotic way, to the end that by the defeat of the Wilson bill American workingmen, producers and manufacturers, may resume that prosperity which the country had but a single year ago. "Resolved. That Pennsylvania's recent ma-

fority of 134,000 was a most emphatic indorsement of our party's national and State platforms, both of which are now reaffirmed, with the additional declaration that the Republican party favors the long established policy of our Republic to encourage sister republics, howsoever weak and foster the spirit of liberty wherever its fires are lighted, so long as this can be done without promoting or encouraging dangerous foreign alliances; and in this connection we denounce the unpatriotic foreign policy of the Democratic national administration in the Hawaiian matter.'

During the proceedings Mr. Magee made a statement denying the reports which have gone out from Pit'sburg the past week that the idle mills and manufacturing establishments in that locality were resuming opera-

Cincinnati Business Men Protest. CINCINNATI, Jan. 3.-At a meeting of business men held this afternoon to take action against the passage of the Wilson bill, Mr. Lowe Emerson presided. A form of petition was adopted and arrangements made for circulating it for signatures to be presented to representatives in both branches of Congress. Resolutions were adopted, as representatives of the leading industrial and comercial interests of Cincinnati and the tributory region, protesting against the adoption of so radical a measure at this critical time, and expressing the belief that such legislation will not enlarge American markets, but will reduce the revenue of the government and cripple nearly every branch of manufacturing in the great central West, and that it would lead to ruinous reduction of wages. The resolutions also declare the belief that the sentiment of wage-earners, manufacturers and merchants, without regard to party lines, is now practically unanimous against the pasage of this extreme bill and therefore urge giving prompt and full expression of this sentiment to the Senators and Repsentatives in Congress from Ohio and ad-

LAPORTE, Ind., Jan. 3.-A petition bearing the signatures of 2,000 woolen mills operatives protesting against the passage of the Wilson tariff bill was forwarded to Washington to-day. Similar re-monstrances representing other branches of industry are in circulation in every manufacturing town in northern Indiana.

A KANSAS "CHESTNUT."

Lewelling Talks About the Lease Case-Mary Ellen Ousted for Good. TOPEKA, Kan., Jan. 3 .- Governor Lewelling returned from Leavenworth at noon today and, upon his arrival at his office this afternoon, immediately went into exesession with Frank Doster on the Mrs. Lease case. His front office was besieged, and after numerous requests for an audience he sent out the following: "This talk about Mrs. Lease and Governor Lewelling is getting to be a chestnut. The people don't care very much about individuals. No man or woman is greater than the party he represents, and Populists in particular are looking for good government more than to uphold any man or woman. Half that is published about current politics in Kansas is false and made from whole cloth. Now the statement that an armistice had been declared or any kind of understanding arrived at between Mrs. Lease and myself is false. The numerous reasons assigned for her removal are batch number two. That I had telegraphed a member of the Federation of Labor to come to Topeka so we could go to Leavenworth to influence the action of the federation for or against anybody's interest is falsehood number three. The statement that Mrs. Lease has employed Judge Doster is lie number Lies are too abundant; life is too short. Who goes up or who goes down in politics makes very little difference if the heaven-inspired principles of truth still go marching forward. The leader of to-day is the follower of to-morrow. W. J. Close, the Governor's private secretary, declares positively that J. W. Freeborn appeared at the meeting of the State Board of Charities at Olathe and was duly installed as a member. He says Mrs. Lease was ousted, and that the board was reorganized by the election of M. A. Householder to succeed Mrs. Lease as president. This done, Carter was removed from the superintendency of the Deaf and Dumb

Mrs. Lease Presided.

OLATHE, Kan., Jan. 3.-Freeborn, the would-be successor of Mrs. Lease, did not arrive at Olathe in time to go into the meeting of the Board of Charities this morning and Mrs. Lease presided. After the meeting all of the members left for Osawattomie, where another meeting was scheduled this afternoon. Before leaving a member of the board said that on the way to Osawattomie, the two Republicans and two Populists would agree to organize the board by electing one of their number president, thereby leaving Mrs. Lease out in the cold. It was also stated that when they reached Osawatomie they would recognize Freeborn as a member. Nothing has been heard of the proceedings on the train up to a late hour to-night.

MORTON "ROASTED."

The Nebraska Farmers' Alliance Scores the Secretary.

HASTINGS, Neb., Jan. 3.-After a rather sharp contest the factions of the Farmers' Alliance succeeded in making a compromise to-day, by which the offices were divided among the young element and the "old timers" John H. Powers, who has been president for years, was turned down, and Allen Rott, who has long been a factor in Alliance work in Nebraska, was removed from the executive committee. The work of reorganizing the Alliance in Nebraska has begun.

Before the session adjourned a list of resolutions declaratory of the order's principles was adopted. In the first, free coinage of silver and gold at 16 to 1 and an unlimited issue of treasury notes is demanded. Two paragraphs are devoted to State issues and then Secretary Morton is given a turn on the spit. His retention in office is said to be an insult to the entire farming community. The secretary of the Alliance will send a copy of the resolution to President Cleveland and Secretary Morton. The South Carolina plan is indorsed for dealing with the liquor questions. The concluding plank is devoted to deploring the action of the United States court in enjoining the labor leaders from ordering a strike. It is regarded as a blow at free speech. A conference of the Populists was held but little was accomplished.

Want Morton Removed.

COLUMBUS, O., Jan. 3.-A conference of the leaders of the Farmers' Alliance in Ohio was held to-day, and a resolution was adopted demanding the removal of J. Sterling Morton, Secretary of Agriculture. They allege he has shown himself to be unfriendly and unfair in his views and treatment of the Farmers' Alliance. They further favor the election of the Secretary of Agriculture by direct vote of the people. They will also draft a letter to Secretary Carlisle, asking that no more bonds be issaed, State issues will also receive attention, and they will recommend that real estate be made exempt from taxation to the amount of any mortgage on it.

THE AMERICAN LEAGUE. Platform of Principles Announced by

the Executive Committee. NEW YORK, Jan. 3.-The executive committee of the American League, whose headquarters are in Philadelphia, have issued their platform. Wharton Barker is chairman and Terence V. Powderly, Henry C. Baird, Dr. H. P. Lenf and Mr. William Carroll are among its members. The committee urge the prompt organization in all sections of the country and local branches of the league to give effect to its principles and measures, and impress State and national legislators and the President and Vice President with its demands. the Populists. TOPEKA, Kan., Jan. 3.-The Rev. A. S. Embree, pastor of the leading Methodist church of this city, an advocate of prohibition, and heretofore a Republican, has declared his independence of political parties and has taken a stand on the social question which ranks him with Mrs. Lease and other prominent Populists. In a sermon which he delivered last Sunday, taking for his text a passage from the Scriptures, "How old art thou," he said: "The life of a nation is measured by the character of its public men and officials, but there are elements in our national life which are infurious. See what the demonstization of a single metal has caused. It has shocked the entire world and has brought on a financial crisis which has hardly ever been surpassed. As long as political parties have the same old political rivalries and believe that to the victors belong the spoils so long will our national life be crippled. While I do not believe in mob violence, yet I have. heard of mobs that I would not get in the way of preventing from carrying out their purpose. We can expect mob violence as iong as the people elevate to the bench judges not worthy of public confidence. Our public men should be such men as we could point our sons to with pride, but where is there such a Governor that we can point to with much pride?"

Chairman Carter Interviewed. CHICAGO, Jan. 3.-Chairman Carter, of the Republican national committee, left for the East to-day, after a conference here with the party leaders regarding next fail's congressional elections. In an interview Mr. Carter said: "The national executive committee will meet in Washington Jan. 11, and the members are naturally desirous of knowing how the great body of the party stands upon the principal issues and whether or not there have been radical changes in popular sentiment in congressional districts, and especially where these districts are located." He said that the Republican party favored the use of both gold and silver. He dismissed the People's party as no longer a factor in national

The Bay State Legislature. EOSTON, Jan. 3.—The Great and General Court of Massachi setts for 1894 met and organized at the Statehouse at 11 o'clock to-day. Hon. William Butler, of New Bedford, was elected President of the Senate and Hon. George Von L. Meyer, of Boston, Speaker of the House of Representatives. All the old officers were unanimously reelected. The Republicans are in an overwhelming majority in both branches.

DR. HOWARD GUILTY

The Swindler Convicted of All the Charges Against Him.

He Denounces the Verdict as an Outrage, and Says He Will Speak When Sentenced To-Day.

JACKSON, Tenn., Jan. 3.-After a trial of twenty-nine days, the examination of one hundred witnesses and the reading and proving of several hundred letters, the second trial of the Rev. Dr. Howard ended to-day and the defendant stands convicted as charged in all the counts. The charges were using the mails for fraudulent purposes in carrying out a bogus business of securing alleged claims upon English estates for people in the United States. The jury received the judge's charge at 8 o'clock last night and, after one hour's consideration, asked the court to adjourn until S o'clock this morning. Long before that hour the small court room was crowded, every one being anxious to hear the result of the famous trial. The defendant and his faithful wife arrived promptly. A little later Judge Hammond came in and the clerk formally opened the court. It was announced that the jurors wished to submit their report and, as the members of that body filed into the room silence reigned and the eyes of the spectators were fixed upon the defendant. In response to the usual question from the judge the jurors said they had agreed upon a verdict, finding the defendant guilty as charged in all the

The face of the defendant plainly showed his feelings when the announcement was made. He had made a strong fight for his liberty and had lost. Mr. Canada, one of his attorneys, promptly entered a motion for a new trial and in arrest of judgment, and asked for time in which to arrange the moticn. This request was granted. Dr. Howard was not sent to prison, but occupies the judge's room in the courthouse, where his meals are carried to him. His devoted wife is by his side cheering him with her smiles. The motion for a new trial and in irrest of judgment will be argued and set tled to-day. The sentence will also be pronounced and the amount of bond fixed. A reporter interviewed Dr. Howard tonight. He said the verdict of the jurors was an outrage and a great surprise to him, and that there was no proof to sustain their judgment. He said he would re-

serve his opinion until after sentence was pronounced to-morrow. Then he would express himself fully and freely; that there was not a scintilia of proof to show that his Jackson business was not fair and legitimate throughout. The United States marshal arrested this afternoon Edgar Smith, W. J. Gleason and George Heatly, three of Dr. Howard's New York witnesses, charged with perjury. Being unable to give bond they went to jail

The day was perfect and the entire lower peninsula turned out to witness the event. At 5 o'clock the party, comprising the eight groomsmen and bridesmaids, advanced from the wings and formed in the main aisle to receive the bride. The organ and orchestra commenced playing the wedding march from "Lohengrin," when a chorus of eight young lady friends of the bride, all dressed in pink chiffon over satin, sang the march as they advanced to meet the bride, who entered at this moment on the arm of her father, and passed through the lines thus formed to the chancel, where the groom with his best man was smilingly awaiting her arrival. They were followed by the bridal party and ushers who took positions on either side of the altar. The rector, Rev. Dr. Bryan, proceeded with the Episcopal marriage service. The Senator and his bride left for the South to-night.

Toledo Visited by a Destructive Conflagration Last Night.

Quayle's Elevator, Chamber of Commerce Building, Wonderland Theater and Other Structures Burned.

DAMAGE \$1,200,000 TOTAL

Over \$200,000 in Currency in Vaults Thought to Be Safe.

Quarter of a Million Worth of Property Lost at Detroit-Drug Firm's Establishment Destroyed.

TOLEDO, O., Jan. 3.-Fire to-night caused a loss of over \$1,000,000. It broke out a few minutes after 6 o'clock in the elevator of F. N. Quayle & Co., on the river, fronting on Madison and Water streets. The cause is as yet unknown. There was an explosion of dust during the fire, which caused general alarm. The elevator and contents were entirely destroyed. A strong northwest wind carried the flames across Madison street, and the block of C. A. King & Co. was also burned. The flames also spread westward across Water street to the rear of a large five-story business block known as the Chamber of Commerce Building, owned by Hon. T. P. Brown and occupied by the Western Union Telegraph Company, the American District Company and a large number of offices, which was also destroyed. From this the flames spread south to the next building. five stories high, occupied as a museum and theater, known as "Wonderland," and managed by C. H. Moore. This was gutted by the flames within a few minutes. The next building southward was the wholesale drug house of West & Truax, which is also a total loss. A strong fire wall checked the flames in this direction. To the west they leaped across Summit street, the chief retail street of the city, and injured the Harvard Building, but the fire was here checked without great damage. In the rear of this building is the office of the Postal Telegraph Company, the manager of which removed all the apparatus possible, thus cutting off all telegraphic communication for a time, as the Western Union office and instruments were destroyed. A two-story block on the northwest corner of Water and Madison streets, diagonally across from the Quayle elevator, was also destroyed. By 9 o'clock the fire was fully under con-trol, although, the wind having shifted, the fire commenced working to the north, along the river front. The Young & Backus ele-vator, the first building of the kind built in this city, caught repeatedly, but it with-stood the fury of the flames. It is an abandoned building, and those to the north beyoud it are scarcely more than shanties.

It is impossible to obtain a correct list of the insurance, but it will aggregate three-fifths of the total loss, which amounts to \$1,200,000. The principal losers are: T. P. Brown, Chamber of Commerce, \$200,000; A. N. Qauyle & Co., elevator and contents, \$10,000; C. A. King & Co., elevator and stock, \$86,500, fully insured; the C. L. Luce estate "Wonderland" building, \$40,000; J. H. Moore, museum, \$30,000; West & Truax, wholesale drugs, building, \$35,000; stock, \$75,000; Second National Bank, \$25,000; over \$200,000 in currency in the vault is thought to be safe; Spitzer & Co., bankers, \$20,000 and a quantity of bonds in the vault, possibly lost. The loss of the other tenants of the Chamber of Commerce building is heavy. The Western Union Telegraph Company loses \$25,000; the American District Telegraph Company, \$30,000; Union Central Life, \$10,000; Bacon & Huder, architects, \$30,000; E. O. Fallis, architect, \$25,000; A. B. Stergis, architect, \$20,000; R. G. Dun & Co.'s office, \$25,000. The other offices were occupied by attorneys, brokers, in-surance agents and others, who lost all libraries, furniture and fixtures. R. G. Haight, tobacconist, and Bach & Harris, printers, who occupied basement rooms, each lose about \$3,500. Zap Coad loses two buildings and a saloon stock of a total value of \$8,000. The principal buildings damaged suffer as follows: Hartford Block, \$10,000; Anderson Block, \$8,000; street rail-

way offices, \$8,000. Owing to the high wind, help was requested from the nearest cities, and responded to promptly by Cleveland, Detroit and Adrian. The two latter reached the city before the fire was under control and rendered efficient service. There were for-tunately no fatalities, although Captain Frazier, of company No. 1, was overcome by smoke and reported killed, but he is all right. This is the largest fire which has visited Toledo in the past twenty years.

DETROIT ALSO SUFFERS. One Building Burned and Others

Damaged-Loss, \$250,000. DETROIT, Mich., Jan. 3.-Fire started from some unknown cause in the third story of T. H. Hinchman & Son's wholesale drug house about 6:30 o'clock this evening. The entire four stories were shortly beyond saving and the firemen directed their efforts to saving adjoining buildings. The Hinchman building, which was owned by D. Hinchextended through the block from Jefferson avenue to Woodbridge street, with an addition on the Woodbridge-street end. Adjoining the latter is Standard Bros.' wholesale hardware house, which also suffered heavily from fire and water. W. H. Edgar & Co., wholesale sugar dealers, suffered a loss of several hundred dollars from fire, water and smoke. Another building, occu-pled by Louis Blitz & Co., fancy glass manufacturers, was somewhat damaged with small loss on stock. The Hinchman house was one of the oldest and largest in the State. Their loss on building and stock will probably reach \$165,000; insurance, \$115,000. The Standard stock and building were valued at \$115,000, nearly covered by insurance. Their actual loss cannot now be estimated, but it is believed the entire loss will be about \$250,000.

Heavy Fire Loss for Cromwell. Special to the Indianapolis Journal. ALBION, Ind., Jan. 3.-Last night the business portion of Cromwell, a small town west of here, was almost completely destroyed. The fire was discovered about midnight in the saloon of Ira Myers and in a few minutes was one mass of flames. The village is without fire protection and the volunteer department did not get the flames under control until several thousand dollars' worth of property had been destroyed. The heaviest losers are Bunger & Yeager, undertakers; Ira Myers, saloon; D. H. Clark; Mrs. Jane Hill, saloon building; Lew Maggart's residence; J. Green, bakery. There was but little insurance.

BLACK CROOK ROMANCE.

Louise Montrose Wedded the Stage Villain and Her Mother Waxed Wroth.

CHICAGO, Jan. 3.-The last act was reached last night in a little melodrama which has been played behind the scenes of the Black Crook Company, now in Chicago. Mrs. Montrose is a prominent figure in the aggregation, and she has a pretty daughter Louise who loved the stage manager, Selvin Warren, as much as her mother disliked him. Selvin wears black whiskers | . . . That lady flew into a violent rage and had to be ejected from the theater. Monday night she was still angry, and did not relent until last night, when she promised to forgive the young couple, and was allowed . . . THE DAILY JOURNAL . to resume her place in the play.

Six Were Killed. KANSAS CITY, Mo., Jan. 3.-It was learned here to-night that yesterday's wreck at Linwood, Kan., in which three people were reported killed and many injured, was more serious than first supposed. It is now known that the killed numbered six. While hunting in the debris of the wreck to-day, relatives found articies of three stockmen, who were missing. and now known to be dead. Their names

are: W. A. Dear, of Russell, Kan.; N. Johnson, of Beverly, Kan., and J. J. Kelly, of Marysville, Kan.

WORLD'S FAIR THIEVES.

Robbers' Den Discovered Under the Agriculture Building.

CHICAGO, Jan. 3.-A robbers' roost, rich with plunder, has been found beneath the floor of the great argriculture building at the world's fair grounds. The thieves escaped, but much valuable stolen property was recovered. The den was sumptuously furnished with Turkish rugs, fabrics from foreign looms, rich draperies and comfortable divans. Fine brandies, high priced wines and imported cigars were scattered about the place in great profusion. Three men were seen stealing whisky bottles and following, the officers found the den. The men dropped through a hole in the floor and the officers in pursuit found a well-beaten path under the building leading to the den. It is probable that the thieving has been going on ever since the close of the fair, as articles have been missed from the building for many weeks.

President Higinbotham said to-day, in re-ply to London criticisms, that there are not many displays left at the fair. Not over a hundred domestic exhibits remain, and they can be taken away whenever the owners are ready. The foreigners are receiving every courtesy. ATTEMPT TO WRECK A TRAIN.

Rail Removed by Supposed Bandits at One End of a Long Trestle.

COFFEYVILLE, Kan., Jan. 3.-A dastardly attempt was made last night to wreck passenger train No. 223 on the Missouri Pacific which leaves this city at 10 o'clock. The train consisted of mail and express cars, smoker, one coach and one chair car. It had barely gotten under headway when the discovery was made that one rail had been removed right at the approach of a twenty-foot trestle crossing a small creek one mile west of this city, The engineer quickly reversed his engine and both he and the fireman jumped. The trestle is one hundred feet long. The engine kept straight on its course until it reached the other side of the trestle and a catastrophe was prevented only by the heavy guard rail. The marks on the ends of ties show that the wheels had run with-in four inches of the edge of the trestle. All the passengers returned to this city and a wrecking train was sent out to place the train on the track. A posse was started in pursuit of the bandits who are supposed to have removed the rail, but it has not overtaken them. Two young men were arrested on suspicion to-night.

CARTER'S LATEST CAPTURE.

Notorious Opium Smuggler Arrested by the Secret Service Officer.

DETROIT, Jan. 3.-Donald Kennedy, one of the most notorious opium smugglers in the country, has been arrested here by United States Inspector Carter. Kennedy has been engaged in the business of smuggling opium across the border for nearly ten years, and during that time has managed to elude the vigilance of the brightest men in the secret service. It is said he has defrauded the government out of about

Kennedy started from Toronto yesterday with an ordinary looking trunk, passed the customs at Port Huron all right, and came on to West Detroit. There he consigned the trunk to a Chinese firm in San Francisco. United States Inspector Carter, who had accompanied Kennedy from Toronto, then made the arrest and seized the trunk. Packed away beneath a false bottom were found one hundred half-pound tins of opium. The prisoner's brother, Al Kennedy, who used to be associated with him in the business, is now serving a term in the Detroit House of Correction.

A Millionafre's Will.

YOUNGSTOWN, O., Jan. 3.—The will of Chauncey H. Andrews, who died last week, has been admitted to probate. It disposes of an estate estimated at nearly \$3,000,000. The largest portion of the estate, consisting of the family residence, railroad, mill, furnace, mining and gas stocks and real estate, is bequeathed absolutely to his wife, through whose counsel and advice much of his success was attained. The remainder of the estate is bequeathed to his two daughters, Mrs. John A. Logan, jr., and Mrs. Leslie C. Bruce, of New York.

A Moonshiners' Raid.

CALHOUN, Ga., Jan. 3 .- Last night one hundred masked men came here armed and prepared to have their own way or make trouble. They were moonshiners whose stills had been captured by revenue officers, who also destroyed 4,000 gallons of beer. The men came after their stills, etc., which had been loaded upon a freight car for shipment to court. The raiders, too strong to warrant attack, captured the car, unloaded the stills and departed for their mountain

Negro Chased by a Chicago Mob. CHICAGO, Jan. 3.-A mob of 150 men chased a negro named George Washington through the aristocratic neighborhood near Forty-sixth street and Indiana avenue today and aided in arresting him. The man was charged with attempting to assault Mary Hoges, a twelve-year-old girl, and was only captured after he had fought flercely with the policemen. He was landed in jail in time to prevent the carrying out of the numerous threats of lynching.

Two Serious Accidents. ST. LOUIS, Jan. 3.—In two accidents at the immense Union Depot, in course of construction here, six lives were endangered, and one of them probably lost, by the giving way of a rope used in elevating an iron beam. Christopher Burlette and Joseph Medright were precipitated to the ground The latter received probably fatal injuries internally. A little later a carpenter's scaffold fell, and with it four men, all of whom received severe injuries.

Salvation Oil, the people's liniment, is guaranteed the best. It will cure you.

Short breath, palpitation, weak and sore

lungs, pleurisy, coughs,

colds, asthma and bron-

chitis relieved in ONE

MINUTE by the CUTI-CURA ANTI-PAIN PLASTER, the first and only instantaneous pain-killing plaster. For weak, painful kidneys, back ache, uterine pains and weakness, it is simply wonderful. It vitalizes the nervous forces, and hence cures nervous pains and muscular weakness when all others fail.
